Our Firm and Practices

LawPlus provides top quality legal services to leading international and local corporate clients. The objective of the Firm is to provide clients with accurate and pragmatic legal advice in a timely manner, while adding value to the client's business activities at a reasonable cost.

Our clients include multinational financial institutions, global investment funds, regional and international telecommunications companies, leading manufacturers and service providers in the automobile industry, US and European food and drug companies, top tier computer hardware and software manufacturers, international film and music production companies, department stores, real property developers, engineering consultant and construction companies. We work very closely with trademark and patent agents worldwide on registering and protecting trademarks, patents and copyrights for our Thai and foreign clients.

Our specialized practice areas include banking and finance, corporate and commercial, mergers and acquisitions, intellectual property, securities, information technology, telecommunications, joint venture, employment, foreign direct investment, real property, debt restructuring, insolvency and dispute resolution. With our in-depth knowledge of the Thai economy and the clients' industries, and our understanding of local practices, we strive to make our advice practical and valuable to the client.
